Dear Ms. Wright;

I talked, today, to Joelle Burns in your office about the proposed rule changes for small mining reclamation surety that State is now implementing. At her suggestion I am enclosing a copy of the Bond we have with the BLM. I understand from her that we will not have to post another bond (with the State) under these new rules if we send a copy of what we have with the BLM.

This bond is for mining on the Blue Beauty Number 28 claim, UMC Number 182661, which we hold. We have been paying a \$150.00 fee per year to the State for this mining activity. You should have copies of all information pertaining for our State mining permit for this claim. If you need anything further please contact me.

Yours truly,

Marjorie E. Thomas
